

[illegible]

CONCEPT: The logo depicts the elements of **Science, Technology, Engineering and Mathematics**, this is illustrated through the components of a **computer, gear, atom, magnifying glass**. While bootcamps of the JETS fair promote collaboration the **Light Build** symbolizes the **Innovativeness** of the young minds. With the belief that the sky is not the limit but there is huge space beyond, the **Stars** symbolizes the space of ideas and the rising stars of the future generation of the Scientists, engineers and Technicians.
